

North Orange County Regional Occupational Program

Policy

ROP BP 3541.1

Business Operations

USE OF VEHICLES

Students enrolled in instructional courses that include the operation of vehicles as a part of the curriculum shall be permitted to operate such Program vehicles when the driving is directly related to the job skill competencies needed for employment.

The use of Program vehicles shall be carried out in conformity with current laws and established procedures that will assure adequate liability protection of the students, NOCROP staff, and the Program.

Adopted: January 15, 1980
